Cash, Visa and personal cheques are a welcome method of payment.

Taxes are not included in this price schedule.

A deposit representing 1/2 of the total cost of the Wedding package selected will be due at the time of booking. The second payment being the balance of the total cost would be due within 30 days of the Wedding. Turn around time on all finished photographic packages is usually 4 to 6 weeks after you select the desired images you would like as part of your 4" x 6" proof album(s), any 5" x 7" or 8" x 10" prints and or enlargements. Proofs will be made available for the client to view by way of electronic sampling to ensure the time and accuracy of such viewing is convenient to both the client and Pro Digital's staff members.

Unless an act of God or sickness occurs, I will be shooting all of the photos personally except where two photographers are booked. I also carry 2 camera bodies along with a host of different lenses and lighting for use in the photography on your special day. This helps to prevent the possibility of not being able to complete the job due to mechanical failure.

Should weather be a negative factor for any of the outdoor portion of the day's events, I suggest you have an alternate indoor site available for use as we can not guarantee this factor.
